

9 September 2017

Being as last minute and unprepared as we are, we found Kelly & Shane by chance just 2 weeks before I was due to go back to work. As a parent it's nerve racking leaving your child but we felt comfortable with Kelly & Shane from the beginning and the decision to choose them as Harry childminders was the best decision we made.

Harry settled almost immediately and built an amazing bond with with them both and their lovely daughters.

Harry's development was incredible and we often had people commenting on how advanced he was from such a young age. He learnt to count, spell and write his name, do his alphabet and began writing all in the care of Kelly and Shane and by the age of 3, now knows how to count to 100 in 10's!!

We always got full feedback of Harry's day on collection and support from Kelly & Shane when it came to things like potty training.

It is obvious Kelly & Shane love their job and wants the best for the children they look after. They have been extremely caring towards Harry and a huge part of his life over the last 3 years and we couldn't have wished for a better start for our son.

I would recommend Kelly & Shane to anyone looking for childcare for their little ones and if we could have kept Harry there forever we would have!!!

WE MISS YOU!!! Xx

Bow, Steve And Harry
